Professional Summary

Highly skilled Python and Django Web Developer with experience in building scalable web applications and APIs. Strong knowledge of database management, cloud deployment, and front-end integration. Passionate about writing clean, efficient, and maintainable code.

With over 4 years of experience in web design and Python development, I have honed my skills in creating innovative and user-friendly digital solutions. Having worked at renowned companies Stemlab, I've successfully contributed to various projects, showcasing my proficiency in Web technologies. My commitment to delivering high-quality results is evident in my track record of achievement. Excited to bring my expertise to new challenges and collaborations in the dynamic world of technology. #WebDesign #PythonDevelopment #TechProfessional #StemLab

Skills

- **Languages:** Python, JavaScript, HTML, CSS
- **Frameworks & Libraries:** Django, Django REST Framework, Bootstrap, React, TypescriptJS
- **Databases:** PostgreSQL, MySQL, SQLite
- **Tools & Technologies:** Git, Docker, Celery, Redis, RESTful APIs
- **Deployment & Cloud:** AWS, Heroku, DigitalOcean
- Others: Unit Testing, CI/CD, Web Scraping, Authentication & Authorization

Work Experience

Web Developer – Stemlab Kano <https://stemlab.com.ng/>

Internship from Jul 2023 to 16 Dec 2024

- Developed and maintained web applications using Django and Django REST Framework.
- Designed and optimized database models for performance and scalability.
- Integrated third-party APIs and payment gateways.
- Implemented authentication, role-based access control, and security best practices.
- Debugged and optimized code for better performance.

Web Developer & Python Tutor at MAIKARATU ACADEMIC CONSULT

<https://apply.maikaratu.com.ng/>

Web Development and Python Tutor from 18 Dec 2024 - present

- Teaching Python and web development courses to students, mentoring them in real-world projects.
- Designed and delivered structured Python and web development courses tailored to different skill levels.
- Mentored students through real-world projects, ensuring they gained hands-on experience in Django, APIs, and cloud deployment.
- Conducted online and in-person workshops on Python programming, web development best practices, and debugging techniques.
- Developed course materials, coding challenges, and assessments to track student progress.
-

Web Developer Intern

Amchat – amchat.app | October 2025 – Present

Amchat is an all-in-one Nigerian platform for seamless communication, instant payments, and everyday digital services.

- Collaborating on the development of Amchat's full-stack web platform using **Django, React.js, and TypeScript**
- Implementing responsive UI components and API integrations for messaging and payment features
- Assisting in optimizing backend performance and database queries
- Working in an agile team to enhance app usability and design consistency
- Supporting deployment and debugging processes in a live production environment

Freelance Django Developer

Date: Jan 12 2024 - Present

- Built custom web applications for clients, including e-commerce and management systems.

- Developed REST APIs for mobile and web applications.
- Deployed applications on cloud platforms and managed server configurations.

Education

Aliko University of Science and Technology <http://www.kustwudil.edu.ng/>

Bachelor's in Computer Science (Ongoing)

Expected Graduation: [2026]

Projects

- **Telegram Bot Converter**– A bot that converts videos to audio, images to text, text to speech, and more.
- **E-commerce Website** – A full-fledged online store with Django, Stripe payment integration, and user authentication.
- **Blog Platform**– A multi-user blogging system with comment moderation and user profiles.

Certifications & Training

- - Django for Web Development web3school
- Postman API Fundamentals Student Expert
